An Up-to-Date City Directory

The Publishers

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY
Every Time It is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the **Directory** of Your City.

This cost must be absorbed by the subscribers—be they one—or be they 1000.

If there were but **One Subscriber** to the **City Directory — the One Subscriber** would of necessity have to absorb **The Whole Cost.**

If there were **100 Subscribers**—each one would have to absorb **1/100th part of The Whole Cost.**

If there were **1000 Subscribers**—each one would **have to absorb 1/1000 Part of the Whole Cost.**

From which it is obvious that the **Greater** the number of subscribers —the **Lesser** the cost to each.

It is also obvious that the **Lesser** the number of subscribers—the **Greater** the cost to each.

Every time you loan your City Directory the **Less Necessity there is for the Borrower to subscribe for the Service.**

More Borrowers result in **Fewer Subscribers,** which means **Increased Cost.**

HENDERSON'S
EDMONTON

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1964

Copyright, 1964, by Henderson Directories Ltd. Winnipeg

In the following list the numbered avenues and streets are arranged in numerical order, followed by the named avenues and streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. The profession or business of individuals or firms is given only at their respective places of business; to find occupations of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, norcan the publisher furnish further information than that shown.

The symbol △ preceding the names denotes houses having telephones.

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First two personal calls were made by an enumerator, next, a post card was mailed and the telephone used when possible.)

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)
